Hello,  
My comment on the above application bounced back from the address I had. Is it too late for it to be included?  
Thanks,

Beatrice

Dear Sonia,

I am writing to object to the above application for change of use.

I do not believe the transport assessment has been carried out adequately. The local roads do not have capacity to manage a further influx of Sunday parking. The group in question did not demonstrate an ability to implement any travel plan measures to minimise car journeys during their temporary illegal use of the site over the summer of 2009.

15/02/2010

I also do not believe the applicant has demonstrated a local demand for another church in this area.

Regards,

Beatrice Filkin

70 Nutbrook Street, SE15 4LE

**Subject:** opposition to planning application at 33 Howden St.

I would like to register my opposition to the planning proposal to change 33 Howden St in Peckham from a factory building to community centre or place of worship.

I do so as I believe the impact on parking in the local neighbourhood will push demand far and above the parking capacity for the area. This will lead to great traffic congestion in an area where traffic and parked cars has increased year on year-I have been living here since the eighties-believe me I know. Please don't accept this planning application-there are already churches on rye lane and plenty more around here. Make the existing facilities better instead.

Sujoy Kumar BA (1st Hons)  
Resident 5 Dewar St,SE15.

Please keep my details private and confidential.  
I do not want them passed on to third parties.
